

Parlour Curtains™

The practical interior divider wall

Parlour Curtains:

Our interior parlour curtains provide an affordable divider between the parlour and holding area of your dairy building. The curtains are easy to operate, maintain and they will provide windbreakinturns saving you heating costs in the winter. They store up and out of the way during times of non-use.

Sun-North Systems Ltd. is your Natural Ventilation Manufacturer

Product Benefits:

Non-rusting hardware.
 Manual or electrical operation.
 Washable vinyl material.
 Edge strips will seal to stop drafts when curtain is closed.
 Fits all wall types from steel, masonry or standard wood framing.
 Satisfy dairy inspection and building code requirements.
