

ROBOTICS SEMINAR

A One-Day Event Hosted by Five-G Consulting

Our 2020 Robotic event in Pennsylvania was so popular we will be bringing an updated seminar to Vandalia, OH on December 8, 2021. Industry leaders will discuss and propose solutions to prepare dairy barns for inclusion of robot milking systems.

THIS SEMINAR IS FOCUSED ON CRITICAL AREAS AND SPECIAL CONSIDERATIONS OF THE REST OF THE ROBOTIC DAIRY TO ENSURE A FULLY OPTIMIZED SYSTEM.

Some of the topics to be discussed:

- Cost and Labor of Robotic Milking vs Parlors
- Design and Operational Considerations
- Key management issues of a robotic dairy
- Understanding the Complete Robot Barn

 is a leading European design firm specializing in robotic facilities. Their articles are regularly featured in US publications.

IF YOU ARE CONSIDERING ROBOTIC MILKING,
YOU CANNOT AFFORD TO MISS THIS EVENT!
